New Resident Guide

A MESSAGE FROM TOWN ADMINISTRATOR SEAN FITZGERALD

With four miles of coastline and eight beaches, expansive views of the Atlantic, top-performing schools, quaint shops and fine restaurants, Swampscott has much to offer packed into three square miles.

My pledge to serve the people of Swampscott as Town Administrator is

both sincere and heart-felt. My great grandparents and grandparents were newcomers here and made Swampscott their home. Every day I work to make Swampscott a welcoming place for all who arrive on its shores. This guide is part of my efforts to achieve that worthy goal.

SWAMPSCOTT BEACHES AND PARKING

Swampscott has some amazing public beaches, including Fisherman's Beach - which may, arguably, be

America's first public beach and was established by public domain on April 17, 1896. From King's Beach, which borders Lynn, to Preston Beach, which borders Marblehead, Swampscott residents can find plenty of sand and sun along its shoreline.

Recreation beach parking stickers are for use by residents only. Resident Beach Stickers are needed by May 1st of each year. For more information see the [Town of Swampscott website](#).

Recreation parking stickers are required for anyone wishing to park at Preston, Phillips, Whales and Eisman's

Beaches. Parking for Whales and Eisman's beach is at the rear of the parking lot by the Blocksidge Park turf field. There is a footpath to Puritan Road and the beaches.

Stickers also allow for parking along one side of Columbia Street by the train station.

No sticker is needed for Fisherman's or King's Beach on Humphrey Street.

Swampscott Recreation Parking Sticker 2023

Recreation beach parking stickers are NOT VALID where "Resident Permit Parking Only" is allowed. There are discounts for resident seniors.

Residents may obtain stickers online at: [Swampscott Beach Parking Stickers](#).

Also, there are specific streets for parking at the beaches. Detailed information on beach parking can be found at the [Town website](#).

DOG PARK AND PET LICENSE RULES AND REGULATIONS

While dogs are very much welcome in Swampscott, town bylaws outline certain rules for dog owners so that people and pets can co-exist in harmony. For example, all dogs must be licensed annually and are always required to be on a leash in public. In addition, there are certain restrictions regarding dogs being on playing fields, school property and beaches.

However, recognizing that dogs enjoy being able to run off leash, Swampscott created a dog park behind the Swampscott Cemetery which offers 15,000 square feet of fenced-in space.

A yearly "Pooch Pass" can be obtained for a nominal fee which provides access to the dog park. Proceeds of the pass support general upkeep of the park.

Your pup's annual dog license, which requires proof of rabies vaccination and a fee, and an optional pooch pass can be obtained [online here](#), by mail with a check to the Town Clerk's office or in person at the Town Clerk's office.

For information about the licenses, pass and regulations as well as the applications to apply, [visit the Town website](#).

TRASH AND RECYCLING

As a community, Swampscott has a long history of trying to reduce, reuse and recycle trash in order to minimize waste, which is both fiscally and environmentally responsible.

Every household is issued a rolling bin for weekly curbside trash pick-up. Excess trash can be placed in overflow bags which are available at Town Hall or local retail stores. Collection of [bulk items](#) can also be arranged for a fee.

Each week, residents are also permitted unlimited curbside pickup of recyclables either in an open blue bin, available for purchase from the town, or from non-conventional bins labeled

with large "RECYCLE" stickers provided for free at Town Hall.

In addition, Swampscott provides periodic recycling services for yard waste, composting, metals, mattress, mercury, Styrofoam, electronics, appliances, batteries, construction debris and drug takeback. For more information [click here](#).

There are two composting locations for food waste and organics: by the Dog Park near the Swampscott Cemetery and by the Police Station parking lot at 531 Humphrey Street. In addition residents

can contact [Black Earth Compost](#) to arrange curbside pick-up for a fee.

The Police Station lobby is a prescription drug drop-off location to drop off unused medications for proper disposal.

Swampscott is committed to a 30% waste reduction target by 2030
