

2024 TRASH & RECYCLING GUIDE

TRASH

CARTS

All trash must be placed in the Town-issued 35-gallon cart.

OVERFLOW BAGS

Excess trash that cannot fit in the 35-gallon cart must be placed in official overflow bags, which can be purchased for \$15/sleeve of 5 bags. Bags can be purchased at Town Hall, Stop & Shop, JRH Services, Richdale Convenience Store, Whole Foods, or CVS.

On pick-up day, overflow bags should be placed in a trash barrel of your choice, or on top of your cart, or on the ground next to it. Note: If not contained in a barrel, overflow bags should not be put out until 5am on the morning of trash pick-up. Prior to pick-up day, overflow bags must be contained indoors, or in a sealed container until pick-up day to prevent animal foraging and bag damage.

OTHER WASTE REMOVAL PROGRAMS (Continued)
