

## **Commission on Disability Appointment Policy**

**February 24, 2016**

The Board of Selectmen hereby recognizes MGL Ch. 40, S. 8J by appointing disabled individuals to be a majority of the Commission on Disabilities. At those times, when the Board of Selectmen cannot fill the Commission with a majority of candidates who meet this criteria, they may appoint an individual or individuals to fill those positions with non-disabled members. Should at any time in the future that a disabled candidate request to be on the Commission, the Board of Selectmen will replace that particular non-disabled appointed member with the disabled individual to fill the remainder of the term pursuant to the Board of Selectmen's appointment process.
