Executive Director Report

Kevin-work orders; trying to get maintenance to get work orders cleared.

Catherine would like a simplified work order report-is able to get Kevin a sample of the previous work order report.

There is a fine for vacant units \$1400. Catherine wasn't aware of vacant units. Would like more communication around this. Turnaround of units should be 21 days, depending upon the condition of the units. Tenant selection also creates delays in turnaround.

New state version of what used to be MRVP-SHA no longer in control of managing their waitlist Cynthia had a question about the difference between 17,900 in November and December's 20,000+ waitlist numbers; also wants to know if those on the list are the immigrants the state is trying to house.

Old Business:

Bylaws

Sean-Reached out to Driscoll about rates-haven't heard back yet. Will give them a few more days to respond and if not, will reach out to a few others.

Catherine-

Personnel policy updates –

The digital policy hasn't been located. Latest amendment was 2020. Do we need an attorney for the personnel policy updates? Catherine will check out Topsfield personnel policy for guidance.

Commissioner Tennant-

Bond meeting

\$4 billion Affordable Homes Act proposed by Gov. Healey

1.6 billion to be allocated for the repair, rehabilitation and modernization of the state's more than 43,000 public housing units.

New Business

Kevin-RSC award. State has increased the RSC money \$10,000 to use with/for residents

*Cynthia Tennant made motion to accept the money from the state
