Parenting Our Parents

A discussion on this difficult role reversal.

Thursday, September 13th 5:00-6:30

at the Swampscott Senior Center

Parenting our parents is the personal tale of millions of men and women in their 30's 40's, 50's, 60's and beyond who thought they'd finished parenting but have been drawn back in; this time, to care for their own elderly parents and other family members.

Laurie Watts, a Certified Senior Advisor and Certified Dementia Practitioner will lead this discussion.

A light dinner will be served.

Please RSVP by Thursday, September 6th.
