- 1) Committee reviewed and unanimously approve the 3/3/22 Minutes.
- 2) It was reported that we need to ask for a time line extension to the grant awarded by the Seaport Economic Council. The request for the extension is due to the need for a mapping of the eel grass in Swampscott Harbor. The mapping would need to take place towards the end of July, beginning of August when the grass is in full bloom. The ask will be to the beginning of 2013. We are optimistic the extension will be approved.

- 5) Jackson reported that he had been contacted by Gerri Falco representation Climate Action and Resilience Coalition (CARC). Attached is a list of possible coastal resilience objectives and actions that were created for CARC and are a part of a shared folder (at this link <u>https://drive.google.com/drive/folders/1tqgr\_qKFU3-</u> <u>TjzK4qxOnW2cE9Nr-WCHw?usp=sharing\_eil\_m&ts=61f965a4</u>), where there is a lot more information (including copies of some other towns' climate action plans).
