#### **Color Coding and Incidence Rate - Updated**

Color Coding	What does it mean?	
Grey	Fewer than 5 total cases in the last 14 days	As of 11/4/20
Green	Average daily cases per 100,000 is less than 4	
Yellow	Average daily cases per 100,000 is between 4-8	
Red	Average daily cases per 100,000 is greater than 8	

#### **CITY & TOWN METRICS**

Population					
Group	Under 10k	10k - 50k	Over 50k		
Grey	Less than or equal to 10 total cases	Less than or equal to 10 total cases	Less than or equal to 15 total cases		
Green	Less than or equal to 15 total cases	<10 avg cases/100k AND >10 total cases	<10 avg cases/100k AND >15 total cases		
Yellow	Less than or equal to 25 total cases	210 avg cases∕100k OR 25% pos rate	≥10 avg cases/100k OR ≥4% pos rate		
Red	More than 25 total cases	≥10 avg cases/100k AND ≥5% pos rate	≥10 avg cases/100k AND ≥4% pos rate		

#### Swampscott Health Department Revised COVID-19 Contact Tracing Plan\*

- Follow CDC's prioritization guidance
- Continue to review cases daily in MAVEN (run reports, check workflows, etc.)
- Send all cases to CTC for follow-up of the new cases and any of their close contacts
- Prioritize and focus on clusters, outbreaks and vulnerable/at-risk populations

Ē

### Test samples are sent to the lab to be analyzed

Since COVID-19 is a reportable disease to the state and Local Boards of Health (per 105 CMR 300.000), both positive and negative test results are sent automatically to the state through the statewide database, MAVEN Local Boards of Health/Health Departments have access to MAVEN and are notified by the state about test results in order to follow-up on reportable diseases of their residents, etc.

Due to the recent surge, high number of positive COVID cases in our community, as well as the expected ongoing surges, the Swampscott Health Department is now sending all cases to the Community Tracing Collaborative (CTC) for follow-up

**Community Tracing Collaborative** 

#### If you test positive for COVID

You will be asked by your Local Board of Health (LBOH) and/or the Community Tracing Collaborative (CTC) about your close contacts Close contact: 6 feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period

Please provide the names, addresses and telephone numbers of all of your close contacts so that they can be contacted and then quarantined

**STAY HOME.** Do not leave your home, except to get medical care. Do not visit public areas.

SEPARATE YOURSELF FROM OTHER PEOPLE. As much as possible, stay in a spo

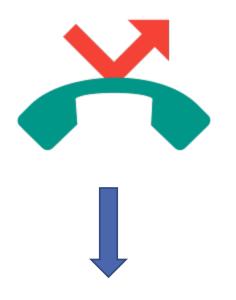

As much as possible, stay in a specific room and away from other people and pets in your home.

Answer the call from: your Local Board of Health (LBOH) and/or the Community Tracing Collaborative (CTC)

#### Did you Miss a call from the CTC??

**Community Tracing Collaborative** 

# Here is the number to call the CTC back: 857-305-2728

# The best way to prevent illness is to avoid being exposed to this virus

HTTPS://WWW.CDC.GOV/

## **Helpful information**

- Remember Stay home if you are sick
- Get tested and stay home until you get the test results
- Stay <u>at least</u> 6 feet away from others
- Wear masks
- Wash your hands
- Frequently clean/disinfect commonly touched surfaces
- Open windows and doors for ventilation
- Answer the call from your Local Board of Health (LBOH) or the Community Tracing Collaborative (CTC) program
