MINUTES:

Introduction of new members who had recently expressed interest since the October 27 Community Forum.

Heidi expressed desire for Swampscott to consider becoming Dementia Friendly while working hand in hand becoming Age Friendly. A sign-up sheet was passed around for individuals to sign if they are interested in working on this endeavor.

Bob handed out a matrix for each of the Domains to begin completing based on the proposed action steps that were included in the Swampscott for All Ages Community Needs Assessment.

Members of each Domain, with Chairs and/or Co-Chairs, were asked to go to separate rooms to begin to discuss the proposed action steps and how Swampscott can begin to address them.

Domain Chairs and Co-Chairs are requested to come to the monthly meetings to present progress of their Domains. The short-term goal will be for each Domain to develop a plan for the next 5 years that will be presented to the Select Board and then Town Meeting in the Spring of 2020.

The next meeting of the Committee of Swampscott for All Ages will be at 7:00 pm on December 4, 2019 at the Town Hall. This meeting is specifically for the Chairs and Co-Chairs of the Domains. Not all committee members need to attend but are welcome.

The meeting adjourned at 8:30 pm.
