

Swampscott Renewable Energy Committee

RYAN HALE (CHAIR), JOE ROMAN, TALIA STEIMAN, DIANA B EDDOWES,
NICOLAS C SCIBELLI, DAVID ZALANOWSKI, JOHN GRAFF
May 2021

Making energy a ***primary factor***
in Swampscott's investment decisions.

Making energy a ***primary factor***
in Swampscott's investment decisions.

2021 Themes

- **Awareness:** of Residential Efficiency programs
- **Adoption:** of Electrical Vehicles (EV) and EV Charging Stations
- **Advocacy:** for efficient, renewable investments in our Town & School budgets

Making energy a ***primary factor*** in Swampscott's investment decisions.

Here's some of what we're working on ... for you and with you:

- Increasing the share of regional, renewable electricity without increasing cost
 - Regardless of what you see in the mail, Swampscott residents receive 100% “green” electricity by default
- Influencing sustainable building design and operation choices - *including current and future schools*
 - Advancing the standards for sustainable design of new construction and renovation in Town & in Mass.
- Maintaining the Town's “Green Communities” designation and seeking additional grants
 - Like the Town's Electric Vehicles and charging stations, & efficient upgrades for buildings
- Expanding hybrid & electric vehicle purchases for Police, Fire, Public Works, and Admin fleets
